We improve lives

ABOUT US

Legrand Group is a global specialist in electrical and digital building infrastructure, offering smart solutions across the residential, commercial, hospitality, and industrial sectors. This strong capability has positioned Legrand as the preferred choice of discerning customers in nearly 180 countries worldwide.

PURPOSE-LED

Our purpose is to improve lives by transforming the spaces where people live, work and meet by delivering electrical and digital infrastructures and connected solutions that are simple, innovative and sustainable.

CUSTOMER-DRIVEN

Guided by its philosophy of “Listen, Design, Make, and Support”, Legrand closely tracks evolving lifestyles and customer needs. The Group designs high value-added products that seamlessly integrate advanced technology, ergonomic excellence, and refined aesthetics. Through smart ideas, sleek designs, and intuitive simplicity, Legrand aims to help every customer experience a simpler, better quality of life

CONTINUOUS INNOVATION

Over 2200 people work at our engineering and design offices, innovating simple and sustainable solutions.

PRODUCT DESIGN – A LEVER FOR DIFFERENTIATION

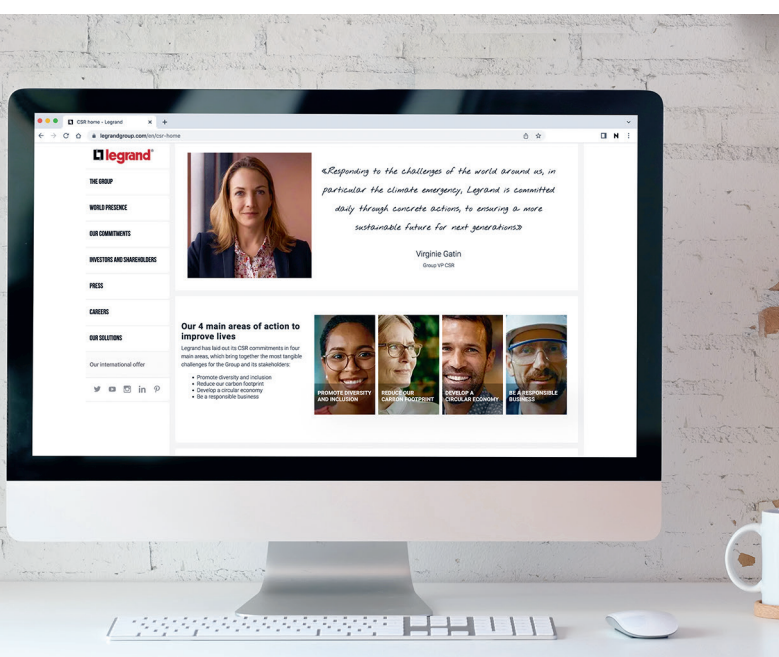

Design is integral to our overall strategy and lies at the core of everything we do at Legrand. More than aesthetics alone, design is about enhancing the overall customer experience.

Eco-design: Integrating circular economy principles

LEGRAND GROUP: FOUR MAIN AREAS OF ACTION TO IMPROVE LIVES

Legrand's corporate social responsibility (CSR) is based on four focal areas which guide and structure its commitments. Published in March 2022, the 2022-2024 CSR roadmap details the 15 priorities the Group has set itself to meet its CSR commitments and challenges, and defines the objectives to be achieved :

PROMOTE DIVERSITY AND INCLUSION

- Gender diversity
- 'Diversity & Inclusion' labelling
- Employability of Early-in-careers
- Diversity and inclusion among suppliers

REDUCE OUR CARBON FOOTPRINT

- CO₂ emissions avoided for our customers
- Direct and indirect CO₂ emissions (scopes 1 & 2)
- Indirect CO₂ emissions (scope 3)

DEVELOP A CIRCULAR ECONOMY

- Use of recycled materials
- Phase out single-use plastic
- Environmental declarations

BE A RESPONSIBLE BUSINESS

- Customer satisfaction
- Business ethics/compliance
- Employability and skills development
- Safe workplace
- Expanded social coverage

LEGRAND HAS BEEN AWARDED THE ECOVADIS PLATINUM MEDAL, THE HIGHEST DISTINCTION AWARDED TO THE TOP 1% OF THE BEST PERFORMING COMPANIES IN TERMS OF CSR AMONG ALL COMPANIES ASSESSED BY ECOVADIS.

Introducing Incara

Incara is a range of functional and ergonomic wiring devices designed for modern, flexible workspaces from offices and co-working environments to hotels, cafés, airports, and other shared spaces. Developed with both the professional installer and end-user in mind, **Incara** ensures ease of installation, seamless integration, and intuitive day-to-day use. The solutions can be effortlessly incorporated into a wide variety of furniture, enabling immediate access to power and data exactly where it is needed.

With Legrand's expertise in wiring accessories, Incara combines proven quality with a versatile range of functions and finishes. This flexibility allows for easy customisation, ensuring that each installation meets specific workspace requirements. Designed to support evolving work environments, **Incara** enables users to stay connected and productive with minimal effort, delivering both performance and convenience in a refined, modern form.

Sustainability & environmental performance

ECO-DESIGN

Incara is designed to reduce environmental impact across the product lifecycle, with optimized material use, efficient logistics, and recyclable packaging wherever possible.

PRODUCT ENVIRONMENTAL PROFILE

With Product Environmental Profiles (PEP), **Incara** provides measurable and transparent data on environmental impact, enabling informed and responsible decision-making.

A SCALABLE AND SUSTAINABLE SOLUTION

Built with modular functionality, **Incara** allows configurations to be upgraded or replaced as needs evolve. Power and charging options can be adapted without replacing the entire system. This approach extends product lifespan and supports efficient resource use, while enabling better management of workspace power requirements.

USB Type-C port with 45W Power Delivery

2 USB Type-C port with 30W Power Delivery

2 USB Type-C port with 63/65W Power Delivery

COLOURS, MATERIALS, AND FINISHES

We take our inspiration from a wide variety of sources, including the worlds of electronics, fashion and transport, to design functional products with lasting appeal that are adapted to the environment in which they are used. Made from materials selected for their appearance and performance (impact resistant plastics, high quality aluminium), the **Incara** range offers five different categories of finish.

INCARA™

Disq 60

Recharge anywhere,
at any time

Disq 60

Incara Disq 60 is designed to integrate effortlessly into any environment, combining a clean, flush-mounted design with quick installation and easy access to power and USB charging for everyday convenience.

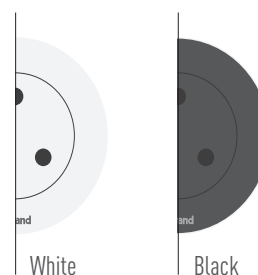

MULTIPLE APPLICATIONS

Incara Disq 60 is based on a standard 60 mm cut-out, enabling easy integration. It can be installed both horizontally and vertically on any type of support. The patented Legrand system ensures a secure fit even in thin panels (minimum 1 mm), while the supplied cord equipped with Wieland connector enables quick and reliable connectivity.

WIDE SELECTION OF FINISHES

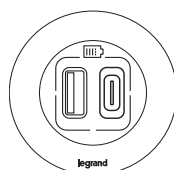

Understated, discreet products and finishes that blend in seamlessly with any working environment. The flush socket (patented Legrand system) looks more attractive and is easy to clean.

TIMELESS FINISHES

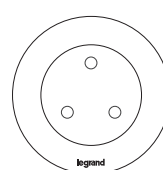

ESSENTIAL FUNCTIONS WITHIN EASY REACH

2P+E sockets or 15 W USB A+C charger to meet the connection needs of mobile users quickly and easily.

USB A+C charger

Power socket 6 A

INCARA™

Disq 80

Essential functions
for mobile users

Disq 80

Incara Disq 80 is designed to install effortlessly into modern workspaces, combining essential power, USB charging, and data connectivity in a single compact unit, ensuring seamless access for mobile users.

QUICK INSTALLATION

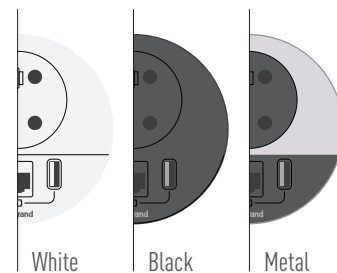

The Incara Disq 80 module replaces the existing cable outlet in the furniture (80 mm Ø cut-out).
Supplied with Terminal box for termination

MODERN DESIGN AND FINISHES

Product designed to blend in seamlessly with any office furniture. The flush socket (patented Legrand system) looks more attractive and is easy to clean.

TIMELESS FINISHES

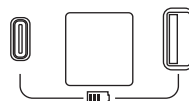

ESSENTIAL FUNCTIONS IN A COMPACT SPACE

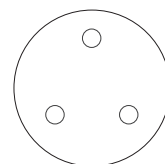

2P+E sockets, 15 W USB A+C charger and RJ 45 Cat. 6 UTP socket or cable outlet to meet the connection needs of mobile users quickly and easily.

USB A+C charger and RJ 45 socket

USB A+C charger and Internet Cable Outlet

Power socket 6 A

INCARA™

Pop-up

Attractive appearance
and easy to use

Pop-up

Incara Pop-ups provide real ease of use and quick connection for mobile devices: laptops, smartphones, tablets, audio and video systems, etc. Users have a choice of both power and data connections within easy reach.

KNOW MORE

Incara Pop-ups can take a wide range of functions available in the Arteor Advance range, thus complying with specifically requirements, such as fast charging of portable devices.

Arteor Advance 30,45, 63/65W USB Type-C Power Delivery chargers are specifically designed to charge all devices even faster! They can optimise charging by automatically selecting the most suitable voltage for the device battery.

USB Type C+C
White 63/65W Charger

SLEEK DESIGN

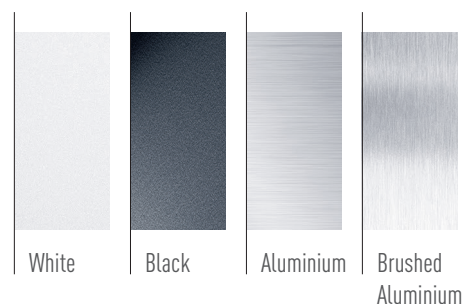

Extra-slim format to blend discreetly into the furniture. The flush-mounted part takes up little space, even allowing installation above a drawer.

ELEGANT FINISHES

A set of finishes in harmony with both the furniture and the décor.

TIMELESS FINISHES

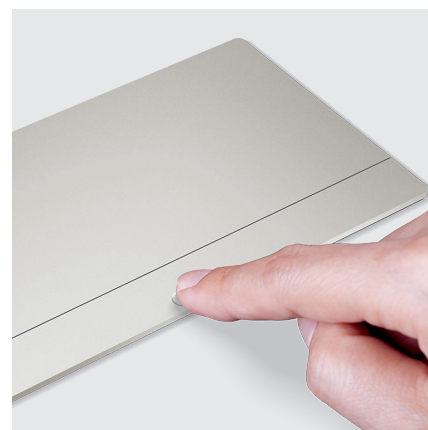

FUNCTIONALITY AND FLEXIBILITY

Available 3, 4, 2x4 and 8-module versions to be equipped.

SAFETY AND EASE OF USE

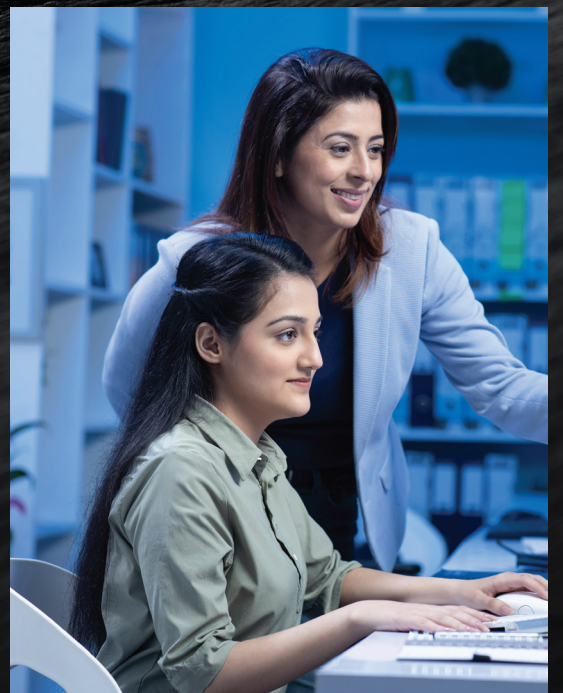

Wide button and cover with damper for smooth opening (patented Legrand system). IP44 version (with closed cover) for good protection in the event of accidental contact with liquids, on pop-ups with 4 and 8 modules.

INCARA™

Flip-up

The premium solution
for meeting rooms

FLIP-UP

Incara Flip-up is the premium solution for meeting rooms with its elegant and crisp appearance. Sockets fit discreetly under its cover, even with your devices plugged in.

EXCELLENT STRENGTH AND EASE OF USE

With its simple push-to-open mechanism, the cover slides inside the product and the socket unit rises up (patented Legrand system). Access to the sockets is on both sides, making it an ideal solution for meeting rooms.

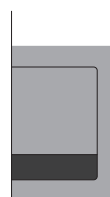

100% METAL FINISH

Metal cover, frame and cable gland plate for a sleek design which blends in harmoniously and creates a unique result.

The equipment is available in empty as well as preconfigured version.

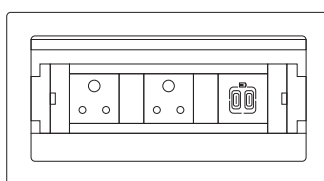

COLOURS

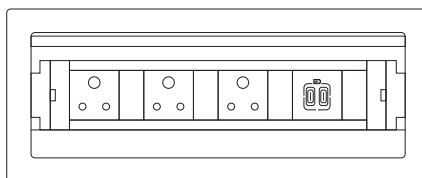

Metal

The retractable system has been tested up to 18,000 operations. Incara Flip-up is available in 8 or 12 modules⁽¹⁾.

8 modules

12 modules

KNOW MORE

The quick-fixing system saves a great deal of installation time (Legrand patented system). No tools required.

INCARA™

Top Access

The essential solution
for meeting rooms

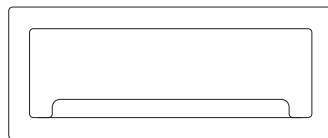

Top Access

Incara Top Access enables discreet, easy storage for Desktop Power Center, Legrand surface box with accessories, DLP with accessories or equivalent product that can accommodate chargers and wires.

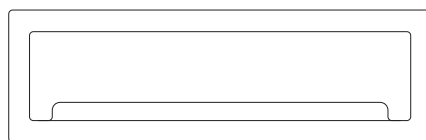

SIMPLICITY OF USE

With its integral basket, Incara Top Access can accommodate and conceal all electrification solutions. To ensure soft closing, the cover is fitted with a damper.

Available in 2 sizes:

295 mm wide

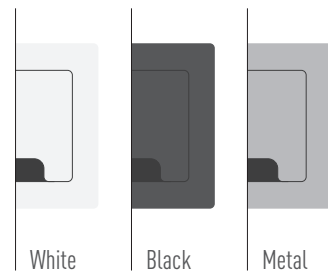

385 mm wide

AVAILABLE FINISHES

A choice of three finishes for seamless integration in workspaces.
